The **Children’s Yale-Brown Obsessive-Compulsive Scale - Parent Report** is a version of the original clinician-administered CY-BOCS that is designed to be completed by the parent.

It is a 10-item scale of pediatric Obsessive-Compulsive Disorder symptoms and severity.

Choose the answers that best describe the child over the **past week**

**Scores produced**
- Obsession subtotal
- Compulsion subtotal
- CY-BOCS total

**Interpretation (Total score)**
- 0-7  subclinical
- 8-15  Mild
- 16-23  Moderate
- 24-31  Severe
- 32-40  Extreme
